If you are making donation of an item, please briefly describe it:

Name of the Prescott Frontier Rotary Member contact:

Since its inception in 1973, Prescott Frontier Rotary has had the children of our community, and beyond, as its main focus. Beginning in the mid 1980's we have helped with funding the PUSD elementary summer school program. We have also contributed to the middle school summer school program. Several years ago, we began helping fund the Prescott High School Path to Graduation program helping juniors and seniors do online work to be able to graduate on time. We are now supporting a similar program at Bradshaw Mountain High School. Recently, we became involved with Dolly Parton's Imagination Library, a program that provides a free book every month to children of our community aged up to five! And there are many other programs: Hungry Kids, Books to the Rescue, Caborca Children's Hospital, Rotary Youth Leadership Awards, Polio Plus, Shelter Box, world health, clean water, to name but a few. Your support can make a difference for the kids!

In gratitude,

Mike Payson
